React 16 - The Complete Guide

TECHNICAL PROFICIENCIES:

JavaScript, JQuery, HTML, HTML5, CSS, CSS3, React.JS, Redux, CSSFramework(Bootstrap, Bulma, Foundation), Few Security Principles, User Interface Design (UI).

PROJECTS

THE SPACE BETWEEN
June 2018
Built a web app for a real metal band based in Haifa, Israel.
used HTML5 and CSS3 for styling, React component based for managing
routes and also Bootstrap for a responsive grid.

THE MEDITERRANEAN BIENNALE
July 2018
Created a responsive website for the mediterranean
biennale based in Sakhnin, Israel.
This project styled with css and html, and using state managment
for additional styling.
This project uses react-router for managing the routes and
Bootstrap for a responsive grid.
